Serial No.: 10/039,292

Attorney Docket No.: 05P12932US

- 44. (Original) The method of claim 39 wherein the ATVEF information relates to purchasing an item that is related to the video to be transmitted.
- 45. (Original) The method of claim 39 including wherein the modifying is based on an analysis of closed caption information relating to the video.
- 46. (Currently Amended) A method in a content server for enhancing content being broadcast, the method comprising:

receiving the broadcasted content;

retrieving profile information related to a destination to which the received content is to be transmitted;

adding ATVEF information to the received content based on the retrieved profile information; and

transmitting the content with the added ATVEF information to the destination.

- 47. (Original) The method of claim 46 wherein the adding of ATVEF information includes modifying ATVEF information included in the received content.
- 48. (Original) The method of claim 46 wherein the adding of ATVEF information includes adding ATVEF to content that does not included ATVEF information as broadcasted.
- 49. (Original) The method of claim 46 wherein the added ATVEF information is based on analysis of closed caption information.
- 50. (Original) The method of claim 46 wherein the content includes frames and the ATVEF information is added on a frame-by-frame basis.

Serial No.: 10/039,292 Attorney Docket No.: 05P12932US

51. (Currently Amended) A method in a video server for modifying video to be sent to a user on-demand, the method comprising:

receiving from the user a request to send the video to the user;

retrieving profile information for the user, the profile information including previous usage information;

dynamically adding interactive content information to the video based upon the profile information; and

transmitting the video with the added interactive content information to the user.

- 52. (Previously presented) The method of claim 51, further comprising evaluating rules to determine whether interactive content should be added to the video.
- 53. (Original) The method of claim 51 wherein the video is an on-demand movie.
- 54. (Original) The method of claim 51 wherein the video includes frames and the adding occurs on a frame-by-frame basis.
- 55. (Original) The method of claim 51 wherein the interactive content information is ATVEF information.
- 56. (Original) The method of claim 55 wherein the ATVEF information relates to purchasing an item that is related to the video being transmitted.
- 57. (Original) The method of claim 55 wherein the ATVEF information relates to descriptive information regarding the video.
 - 58. (Original) The method of claim 51 including wherein the adding is based

Serial No.: 10/039,292 Attorney Docket No.: 05P12932US

on an analysis of closed caption information relating to the video.
